STATE OF OHIO REFERENDUM LAW UNCONSTITUTIONAL

SUPREME COURT DECIDES THAT
OHIO LAW REQUIRING REF-
ERENDUM VOTE IS VOID

THAT THE RATIFICATION OF A
CONSTITUTIONAL AMENDMENT
BY LEGISLATURE IS FINAL

(By United Press)

Washington, June 1—The Ohio referendum of last November as the result of which the state attempted to withdraw its legislature's ratification of the prohibition amendment is unconstitutional, the supreme court decided today.

The court held that the ratification of any constitutional amendment by a legislature is final.

It also granted the injunction restraining the state officials from submitting the woman's suffrage amendment to a referendum next fall.

The Ohio legislature ratified the prohibition amendment but the voters decided against national prohibition. Proceedings were at once instituted to enable Ohio to withdraw its ratification and the supreme court in Ohio decided the prohibition referendum was illegal.

MARTINSON TRIES TO PROTECT NASH

(United Press)

St. Paul, June 1—Oscar Martinson, deposed sheriff of Hennepin county, today sought to shield Wm. Nash of Minneapolis, in ouster proceedings before Gov. Burnquist at the capitol. The governor will decide whether the charges of complicity in the Winnipeg-Minneapolis whiskey smuggling plot justify the removal of Nash as Hennepin county attorney.

Attorneys for Nash sought to show that Nash knew nothing of Martinson's connection with the whiskey case. Martinson has confessed his part. When hearing reconvenes this afternoon witnesses for the state were expected to be called.

MODIFICATION OF DECREE IS ASKED

(By United Press)

Washington, J.—Modification of the recent supreme court decree dissolving the Reading railroad coal combine, was asked of the court today by the government, the railroads and the coal companies effected.

Root Sails for Europe

New York, June 1—Elihu Root sailed today for Europe to serve as president of the court which will arbitrate the ownership of church lands seized by the Portuguese in the revolution in that country about twelve years ago.

Great Britain, France, Spain and Portugal are interested in the case, he said.

Mob Attacks Speakers

Berlin, June 1—Speakers at two political meetings in Mecklenburg were attacked and seriously injured by mobs.

The election campaigns are becoming more and more disorderly.

Illuminating Graves.

Two days annually are observed in illuminating the graves of the Central cemetery of Vienna. This burying place, while comparatively modern, is regarded as one of the two most beautiful in the world. The illuminating ceremony occurs on Ascension day and on the anniversary of the burning of the Ring theater in 1881, when many fell victims to the flames. When stationary lamp posts of midget size are at the sides of a plot, these are lighted, but those not equipped depend upon the bereaved loved ones who still remain to mourn them to carry lighted candles and torches as a means of illumination.

Houses Built of Rosewood.

A church building, a courthouse and forty dwellings, that comprise the settlement on Pitcairna island, in the eastern part of the South Pacific, are built entirely of rosewood. The furniture is made of the same rare wood, which grows plentifully on the island.

Real Life.

To work, to help and to be helped, to learn sympathy through suffering, to learn faith by perplexity, to reach truth through wonder—Behold! This is what it is to prosper, this is what it is to live.—Phillips Brooks.

COUNTESS ZICHY

Fleeing from the communists who had seized control in Austria, Countess Elizabeth Zichy, niece of the king of Belgium, left Budapest, and with great peril and difficulty, suffering many hardships, made her way to Parma, southern Italy, from which place she sailed as a cook and worked her way to New Orleans.

MEXICAN PRESIDENT IS INAUGURATED

PROVISIONAL PRESIDENT TAKES
OFFICE WITHOUT MUCH CER-
EMONY—ISSUES STATEMENT

BY RALPH H. TURNER,
(United Press Staff Correspondent.)
Mexico City, June 1—Provisional President Elect Rodolfo De La Huerta in the first statement he has issued since elected, said he does not come to the presidential chair as the supporter of any political faction.

Owing to his illness the president-elect spent a greater part of the day in bed. General Obregon, Pallas Calles, minister of war, and other leaders conferred with him regarding governmental affairs. The inauguration at 4 p. m. today promises to be very simple and lacking in pomp which heretofore has marked installation of the executive chief of Mexico.

Following the ceremony De La Huerta will assume occupancy of the presidential palace.

FARIBAULT SECURES THE SUMMER MEETING OF HOLSTEIN BREEDERS

(By United Press)

St. Paul, June 1—E. C. Schreder, of Moorhead, was named Minnesota's representative on the board of directors of the National Holstein-Friesian Breeders association by the state convention here today.

The state convention is being held in conjunction with the National meeting of the Holstein breeders which has brought nearly two thousand and livestock men from all parts of the United States and Canada here.

Faribault gained the summer meeting in 1921 of the state association.

Asks Rehearing

Washington, June 1—A rehearing of the supreme court's recent decision upholding the migratory bird treaty was asked of the court today by the state of Missouri.

Peculiar Disease.

Arithmomania—the medical name for another disease—is full of interest. In this the patient has the irresistible impulse to count a certain number of times before doing anything. One case recorded is of a girl who had to tap on the edge of the bed nine times before getting into it; a hundred times before brushing her teeth; to knock three times on a window by the side of the door, and a similar number of times on the door itself before she would unlock it.

NORTHWEST CROP CONDITIONS GOOD

THERE IS A SLIGHT REDUCTION
IN ACREAGE DUE TO YOUNG
MEN LEAVING FARMS

(United Press)

St. Paul, June 1—Crop conditions throughout the entire northwest vary from fair to excellent, according to reports of the American Steel & Iron Co., Chicago, which has just been issued for the week ending May 29.

There is a slight reduction in acreage largely because of the number of young men going from the farm to the city.

In northern Minnesota dairying is the best ever, with good grass lands and a fair rye prospect, while the general outlook is good.

Dairying and grass lands are also good in southwestern Minnesota. Oats are doing well and corn planting is well advanced.

Slightly depressing reports were made from western Minnesota where pasture land is late and clover slightly winter killed. Hay land is good and oats well up.

With the exception of somewhat backward grass lands, northwestern Minnesota reported clover in good shape. Oats are good, dairying fair and livestock conditions normal.

The livestock lands in North Dakota is the only feature of the crop reported as least disappointing. Crop conditions are good throughout the entire state.

In South Dakota the season is somewhat late and planting is retarded in some sections from one to two weeks. Grass lands are a little backward.

THREE PERSONS ARE FOUND MURDERED

(By United Press)

Philadelphia, Pa., June 1—Three persons were found murdered in their beds in West Grove, Pa., near here today. Two of the victims were Mrs. Dunlap and her daughter Ruth, 10, who lived on the outskirts of the town. The other person was Roy Eidelberger, who was believed to be the woman's sweetheart. Police are working on the theory that Mrs. Dunlap shot him then her daughter and herself.

SPENT \$12,000 TO DEFEAT SEN. HARDING

(United Press)

Washington, June 1—Robert L. Wolfe testified concerning Senator W. G. Harding's presidential campaign before the senate campaign expenditure committee today.

He said that the Wood and Harding campaigns in Ohio had cost about \$100,000, but denied having exact knowledge.

Wolfe said he sent literature direct to voters at the cost of \$12,800 to himself "confined to attacks on Harding."

He said he contributed \$1,500 to the Franklin county committee. Senator Edge cited previous testimony that Harding's campaign in Ohio cost only \$35,000.

"They could not have carried on their campaign for that," Wolfe said. Wolfe said he declined to support Harding when H. M. Dougherty took charge of his campaign.

tion.

INCOME TAX ON PRESIDENT'S SAL- ARY IS VALID

PAY OF JUDGES OF THE FEDERAL
COURTS AND SUPREME COURT
ARE ALSO EXEMPT

(By United Press)

Washington, June 1—The federal income tax upon the salary of the president and the justices, including the justice of the supreme court, is unconstitutional the supreme court decided today in reversing the decision of a lower court.

The decision compels the government to refund all such taxes paid.

Judge Walter Evans, of Louisville, brought the appeal to the supreme court on the ground that it violated the constitutional provision that federal judges and the president "shall receive for their services a compensation which shall not be diminished during their continuance in office." "The tax," he argued, was a diminution of this compensation.

NORTH DAKOTA NON-PARTISAN LAWS ARE VALID

U. S. SUPREME COURT UPHOLDS
VALIDITY OF SEVEN INDUS-
TRIAL LAWS

(By United Press)

Washington, June 1—Seven of the most important laws enacted by the Nonpartisan league legislature of North Dakota, all of which gave the state power to enter private business fields, were upheld today by the supreme court.

The decision affirmed the North Dakota supreme court.

The decision allows the proposed expenditure of \$300,000 in state money and the assurance of \$17,000,000 in bonds to carry out the act. Among the statutes involved were the industrial commission, the bank of North Dakota and the home building act.

PROHIBITION OF STRIKES AND WALKOUTS URGED

BY W. J. BRYAN TO SENATE COM-
MITTEE DURING PERIOD OF IN-
VESTIGATION

(By United Press)

Washington, June 1—Prohibition of all strikes and walkouts during a "temporary period of investigation" by a national board was proposed to the senate labor committee today by Wm. Jennings Bryan to bring about industrial peace.

The board, Bryan urged, would include permanently one representative each for employer, employee and the public. Two more members would be added temporarily during consideration of each individual case.

"This is practically the same plan that I have long urged for settlement of international questions and to prevent war," said Bryan. "It would allow time for passion to wear itself out and prepare men's minds to judge on a basis of justice."

POST BLOCKS DEPORTATION LAWS CHARGES PALMER

Washington June 1—"By his wholesale jail deliveries and release of self confessed anarchists of the worst type," Assistant Secretary of Labor Post is seeking to block enforcement of the deportation laws and bring into public disrepute law officers of the government, Attorney General Palmer charged today before the house rules committee.

Palmer's statement was in answer to Post's recent testimony before the committee during hearing on a resolution of Representative Hoch, of Kansas, which would start impeachment proceedings against the labor official.

Palmer claimed Post had mistreated aliens held for deportation in violating the law regarding them. Similar charges were made by the national popular government league.

CAPITAL STOCK CAN BE TAXED WHERE BUSINESS IS

Washington, June 1—The supreme court today held that the capital stock of a corporation outside of the state, doing business therein, can be taxed by counties of North Dakota under the law of 1905.

The suit was brought by the Cream of Wheat company against Grand Forks county, N. D.

FRENCH GUARD KILLS AMERICAN IN SILESIA

(By United Press)

Berlin, June 1—General Lerond, chief of the French mission of upper Silesia, has been asked by the American mission to investigate the shooting of Arnold Heide, American lecturer, killed by a French guard yesterday in Beuthen. The only information which the American mission has been able to secure so far was contained in a report from the French mission stating they had visited an American passport in Heide's possession. The American mission had no record of his presence in the country.

LOWDEN MEN ARE OPTIMISTIC

CLAIM EIGHT CONTESTED DELE-
GATES SEATED YESTERDAY
FOR THEIR CANDIDATE

(By United Press)

Chicago, June 1—Leaders of the organization supporting Gov. Frank O. Lowden for the presidential nomination, were openly optimistic today when the republican national committee here resumed its unique open hearing of contested delegates inaugurated by Chairman Will Hays.

While none of the Lowden men would commit himself it is generally accepted that the organization had gained all of the eight contested delegates temporarily seated by the committee yesterday—one from Alabama and seven from Arkansas. Contested delegates who lost were understood to be for General Wood.

Assuming the unofficial claims of the Lowden organization are borne out in the convention, the indicated vote on the initial ballot exclusive of the 114 contestants yet to be decided, would appear to be: Wood 238; Lowden 177, Senator Hiram Johnson 161; Nicholas Murray Butler 88, Governor Wm. Spruell 76; Senator Harding 48; Governor Calvin Coolidge 29; Senator Howard Sutherland 16; Senator Miles Poindexter 14.

The candidacy of the presidential aspirants have not so far entered into the hearing to date, the committee making its decision for the temporary roll of the convention purely upon legal and party questions involved. In each case so far an entirely different element has appeared. For instance in Arkansas it was the race question, while in Florida it is the trifactional fight.

Add Excess Delegates

Chicago, June 1—Indications at the opening of the republican national committee here today were that Gen. Wood would lose another delegate at large which his leaders claimed.

The sub-committee's report on the Florida contest involving three sets of delegates, indicated it would move to unseat the "regulars" pledged to Gen. Wood. It previously eliminated a group pledged to Gov. Lowden.

Further time for argument was granted the two delegations.

Two regular delegates from the District of Columbia were added unanimously. This added two to General Wood's roster. Two contested delegations, unopposed, were supposed to be for Wood.

Excess delegations will be added with state delegations if the recommendations of the sub-committee is adopted by the main committee. Adoption of the recommendation would mean the seating of from fifty-three to sixty men.

The sub-committee got the architect to agree that space could be provided. The situation arose when some states chose eight instead of four delegates at large, giving each man one half vote. The committee today demanded that the credited representative of the presidential candidate file his name with the secretary.

HOPES TO CONTINUE BONUS PAYMENTS

(By United Press)

St. Paul, June 1—State Treasurer Henry Rines, today returned from N. Y., and expects to outline plans late today by which the soldier bonus payments may be continued.

Mr. Rines, as board member has been east negotiating for sale of certificates of indebtedness to furnish funds for the payment of bonuses. The present funds are practically exhausted.

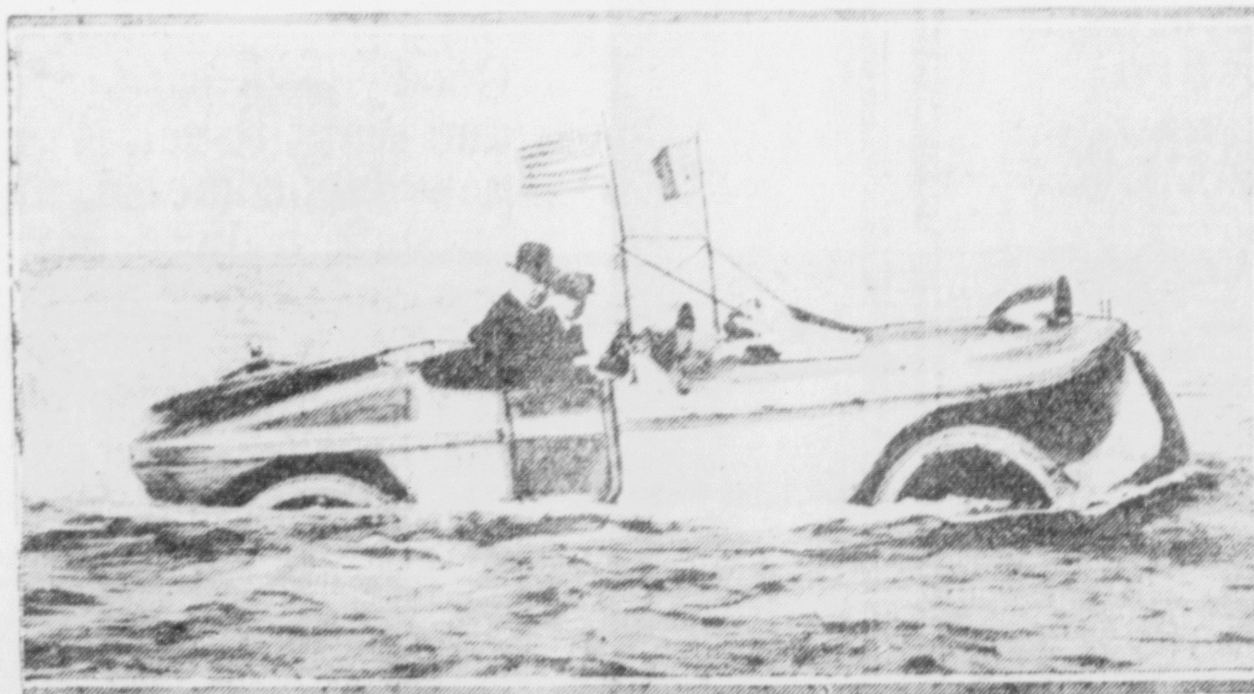

Money from the sale of certificates is not expected for some time. But it is believed Mr. Rines has a plan by which some other state funds may be drawn on temporarily so as to continue payments.

ASKS DISMISSAL OF SUIT AGAINST QUAKER OATS CO.

Washington, June 1—The government today asked the supreme court to dismiss the anti-trust proceedings started several years ago against the Quaker Oats Co. The action ends the case.

Berlin, June 1—Speakers at two political meetings in Mecklenburg were attacked and seriously injured by mobs. The election campaigns are becoming more and more disorderly.

This Motor Car Can Travel as Well on Water as on Land

Atlantic City sojourners have been greatly interested in a fully equipped motor car which unexpectedly leaves the beach and takes to the water.

This amphibious auto is capable of making sixty miles an hour on land and when the driver wishes he can speed up to twenty knots an hour in the water. A clutch throws the power

off the wheels and starts a propeller at the rear of the car. The machine has doors on each side, like any other automobile, but when used as a boat it is absolutely watertight.

STEAMER POWHATTAN AFIRE —MEN TRAPPED IN HOLD

(By United Press)

New York, June 1—Fire broke out aboard the steamship Powhattan at her Brooklyn pier today. Several men working in the hold who were trapped by the flames were said to have taken refuge in the ice box. Rescue squads and firemen were working to put out the blaze.

Ten Men Are Injured

New York, June 1—Ten men were injured today when fire started in the forehold of the steamship Powhattan in the Morse dry docks, Brooklyn. Five were firemen. All will recover.

To Collect Baking Stories

Makers of Ryzon to Publish Book of Baking Experiences

New York, 31.—To give housekeepers throughout the country a chance to compare experiences in home baking, the General Chemical Company will issue a booklet of actual experiences with Ryzon Baking Powder. So striking has been the success of women with this baking powder in the two million American homes where the Ryzon Baking Book is used, that the manufacturers have decided to publish a number of Ryzon experiences as told by the women themselves.

Manuscripts should be written on one side of the paper only and sent with the name and address of the writer to the Food Department, General Chemical Company, 25 Broad Street, New York, N. Y., before June 1.

This is not a prize contest, but all accounts published will be paid for according to their merit at rates ranging from \$5 to \$20 each. Everyone who sends an account of Ryzon experiences will receive a copy of the new book when it is published.

The accounts should be concise and at the same time include all interesting details from the time the recipe was mixed according to directions in the Ryzon Baking Book to the time the finished dish was served.

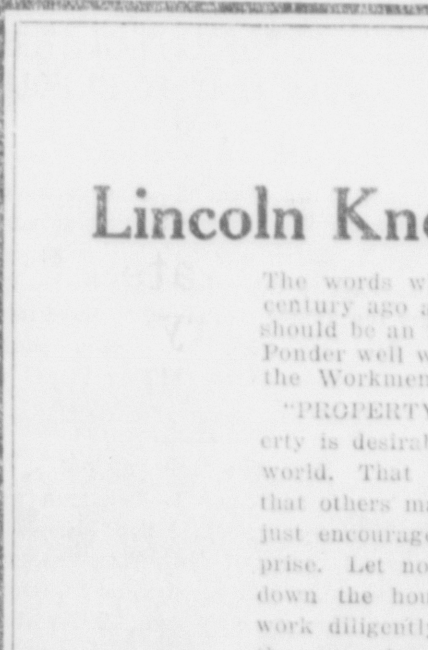

The new Ryzon Baking Book (original price \$1.00), containing 250 practical recipes, will be mailed, postpaid, upon receipt of 20 cents in stamps or cash. Or if you will purchase two or more pounds of Ryzon at once from your grocer, sending us his name and address promptly, we will mail you a Ryzon Baking Book free. General Chemical Co., Food Department, 25 Broad St., New York, N. Y.

PROMOTED TO BANK CASHIER

The promotion of H. S. Herman to cashier of the Citizens State Bank, Brinsmade, N. D., is of special interest to the president and faculty of Dakota Business College, Fargo, N. D., of which school Mr. Herman is a graduate.

Hundreds of big business men go to their commercial training there, and now employ D. B. C. pupils themselves, because they know they're well equipped for making good.

Summer school opens soon. "Follow the Success Story" and write F. L. Watkins, Pres., 806 Front St., Fargo, N. D. for information.

Lincoln Knew

The words which he uttered over half a century ago are as true now as then, and should be an inspiration to all Americans. Ponder well what he said in addressing the Workmen's Association in 1864:

"PROPERTY is the fruit of labor; property is desirable; is a positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus assuring that his own shall be safe from a night when built."

Any seeker for leadership, either industrial or political, now or in the future, must be guided by this truth.

Almost Incredible.

In Bombay there is a fakir who spends all the hours of daylight of every day suspended head downward. Two fiber ropes attached to the limb of a tree constitute his support. Early every morning he takes hold of the handles at the ends of the two ropes, reverses the natural position of the body, and hangs there till sunset. It has been doing this now for three years.

To Win Success.

The trouble with a great many people is that they are not willing to make present sacrifices for future gain. The tools for self-improvement are at your hand. Use them. If the ax is dull the more strength must be put forth. If your opportunities are limited you must use your energy, put forth more effort. Progress may seem slow at first, but perseverance is the secret success.—Grisen, Sweet, Madden & Co., Chicago News.

Where He Shows.

Chester was slow in wit, but he appreciated the aptness of speech in one of his playmates, evidently, for when asked why he was anxious to be in Jack's company so much he replied, "Oh, everything he says has a kick in it."

How's This?

Lowe's

Isn't it true that you would paint your floors oftener if you didn't have to keep the house upset so long waiting for the paint to dry?

Wouldn't you do it oftener if you could paint one half of the floor one day, then move the furniture over from the other half and paint that the next day?

Well, that's just what you can do with Lowe's Hard Drying Floor Paint. This fact, together with the way it stands wear and tear is the reason it is used so much on restaurant floors and ship decks.

Venice Art Being Restored.

Now that the war is over and Venice has recovered from the nightmare of having her wealth of art destroyed by shell fire, or, worse still, looted by soldiers, one by one her treasures from underground cellars or distant galleries are being returned to their places. One of her most admired possessions, however, Titian's "Assumption of the Virgin," which is counted among the seven great masterpieces in the world, the pride of the Venetian Academy of Fine Arts, has been returned, not to the gallery, but to its original home in the choir of the beautiful Gothic Church of the Frari, for which it was painted by Titian in 1516.

The magnificent frame of carved marble originally built round it now shows off the glorious picture to advantage and the Venetians are delighted that it should be restored to the position where its donors and the great genius who composed it intended it to remain.

Wonderful Shakespeare. Among the English authors, Shakespeare has incomparably excelled all others. That noble extravagance of fancy, which he had in so great perfection, thoroughly qualified him to touch the weak, superstitious part of his readers' imagination and made him capable of succeeding where he had nothing to support him besides the strength of his own genius.—Addison.

Sunday Game Cancelled Account of Rain. Monday's Game Draws Crowd of 600 Fans

BRAINERD PLAYS FINE BALL.

Accords the Veteran Patterson Wonderful Support, Who Pitches Out of Hole in Eighth

In a game replete with spectacular hitting and fielding on the part of Brainerd, in which wonderful support was accorded the veteran Patterson, Brainerd defeated South St. Paul on Monday 4 to 0.

Sunday's game was cancelled because of rain and Monday looked dreary too. The grounds were sluiced of some of the water and sand was distributed to dry them up. Megaphones were used to summon the fans and to announce the game would be played at 3 p. m. A crowd of some 600 showed up, which was very good considering all the contingencies the club had to meet.

First Inning
 Zenzius out Benda to Cook. Larson out Peterson to Cook. Dixon the game. No hits, no runs.

Bemis out to First Baseman Lang, who helded unassisted. Peterson out short to first. Schroeder fled out to right field. No hits, no runs.

Second Inning
 Pete Morse flew out to his brother Irl Morse in left field. Federolf out Patterson to Cook. Lang out Peterson (Continued on page 6)

NATION HONORS HEROES OF WAR

Brainerd Program at Cemetery was Curtailed on Account of the Rainy Weather

EXERCISES AT PARK THEATRE

Graves were Decorated on Sunday, Dr. E. Lee Howard of Fargo College was Speaker

Memorial day exercises at Evergreen cemetery were not held Monday morning due to the rain and wet grounds and after a short parade in the business section of the city all participating and the public generally went to the New Park theatre where the exercises were held.

Dr. E. Lee Howard, president of Fargo college, delivered the memorial address. It was a scholarly, eloquent and touching oration, one which appealed to the youth of the schools, to the citizens and to the soldiers of the civil and recent wars.

In his speech in the New Park theatre, Dr. Howard gave a fine description of his recent visit to Mt. Vernon. He then stated that as he went to Arlington Cemetery, he imagined that he was accompanied by the children of Brainerd, and his interest in what he saw was increased by the thought of the children whose presence he imagined. He gave special attention to the monument to the unknown dead. The speaker said that if all citizens could be afforded the privilege of looking over these places of historic interest, they would return to their homes with a deeper intention of standing for the best things in American life.

The Parade

The parade was a short one on account of the rain, the marchers forming on Sixth street and then traveling east to Broadway, thence to Laurel and disbanding at the New Park theatre. Service men were in line and drew much applause. The Brainerd Municipal band led the procession.

The exercises at the theatre were those originally planned to take place at the cemetery. They included:

Music by the Brainerd Municipal band.

Invocation.
Song by Imperial quartet
Lincoln's Gettysburg address, by John Gemmell.

Music by school chorus.
Memorial address by Dr. E. Lee Howard, president of Fargo College.

Music by the Brainerd Municipal band.

G. A. R. ritual exercises in charge of Post Commander Albert Fox and Post Adjutant J. A. Wilson.

Music.

Decoration of the cross in charge of G. A. R. officers.

of the Winona normal, well known writer of text books, but at the last moment her voice failed her and the address was delivered by Dr. E. Lee Howard, president of Fargo College.

Dr. Howard's Address

Dr. Howard in his address paid a tribute to the teaching profession, and for the high standards maintained, for the sacrifices made, the courage and ambition it instilled in pupils and cited concrete facts to maintain his position. He mentioned an old teacher of Kansas who though afflicted with a stroke of apoplexy, still continued in the harness, rented an old church building and there taught 150 boys and girls, made possible by the sacrificing spirit of the teacher, and the reciprocal interest and enthusiasm aroused in the hand of students lifted from a dull plane of mediocrity to the intellectual heights beyond.

The shortage of teachers was viewed with alarm. Some favored letting down bars of standards in qualifications. A government conference on educational matters decided it were better to close schools than lower standards it had taken years to attain.

Men in the teaching profession were eaving it for advancement in commercial and industrial fields. To those who remained true to altruistic motives there was a reward coming, as certainly due any one for unselfish service.

"Can you measure the depth of benefits received from teachers and your

ACME QUALITY MOTOR CAR FINISH

Sun and rain, wear and tear will play havoc with any car. A few surface cracks on the hood, fenders or body open the door to the elements. Rust and decay begin their work. Soon you have a rusty, rattling, rough-looking old car that you're ashamed of.

But save the surface and you save all. A little Acme Quality Motor Car Finish will protect your car against rust, make it last longer and look better.

There's no secret about finishing a car. We can give you some helpful suggestions. Stop in and look at our line of Acme Quality Motor Car Finishes.

school here?" asked the speaker.

"There are men in Brainerd who should make donations to the school fund above their taxes, to be used for the schools and teachers. Men who live in Brainerd should remember the high school in their wills and provide funds for the support of the schools," said Dr. Howard.

In closing, he addressed the graduating class, admonishing them to hold fast to the best ideals gained in school, and to prove themselves a vital part of that great American citizenship living under the greatest government this green earth has ever seen.

Stage Picture

The graduates were seated on the stage and presented a pretty picture, the girls radiant in white dresses. Potted plants and flowers made a border along the footlights.

Other Speakers

An eloquent invocation was delivered by Rev. Fred Errington, pastor of the First Congregational church. Supt. W. C. Cobb gave words of advice to the graduates following the talk made by the principal, M. B. Scherich.

Crosby Beat Ironton

Crosby beat Ironton Monday 9 to 2. For Ironton the battery was Clemmens and McGarry. Ironton's runs came in one of the latter innings when a home run was laced out, pushing one tally ahead. Brainerd sent a large delegation to the game.

to center. No hits, no runs.

Sixth Inning
Villwreck out Benda to Cook, Me-
Gill out Wines to Cook. Shantz flew
to Bemis in centerfield. No hits, no
runs.

Wines struck out, Benda out third
to first. Cook singled and later got
to third on a passed ball. Moore was
hit by pitcher. Patterson flew out to
center field. One hit, no runs.

Seventh Inning
This inning recorded the first two
hits for the visitors. Zenius fanned.
Larson flew to left field. Dixon sin-
gled and stole a bag. Morse singled
and stole a sack, and with the two on
bases Federolf struck out. Two hits,
no runs.

Bemis fouled to catcher. Peterson
singled, Schroeder out third to first,
Morse singled and scored Peterson.
Wines flew to left field. Two hits, one
run.

Eighth Inning
This inning was the nearest South
St. Paul came to scoring and Pat-
terson and excellent team work back of
him got Brainerd out of the hole.
Lang walked. Villwreck singled. Me-
Gill singled. With three on bases,
Patterson struck out Shantz. Zenius
hit into a double play, flying out to
Benda, who whipped the ball to short
and caught Villwreck. Two hits, no
runs.

Benda got a two-bagger. Cook flew
to left field. Moore out second to
first and Patterson out pitcher to
first. One hit, no runs.

Ninth Inning
Larson flew to left field, Irl Morse
making a splendid running catch. Dix-
on out Benda to Cook, and Pete Morse
flew to his brother Irl Morse in left
field. No hits, no runs.

Next Sunday
Crosby plays Brainerd at Brainerd
Sunday, June 6, and a large crowd is
expected.

**SAGE TEA KEEPS
YOUR HAIR DARK**

When Mixed with Sulphur It
Brings Back Its Beautiful
Lustre at Once.

Gray hair, however handsome, de-
notes advancing age. We all know
the advantages of a youthful appear-
ance. Your hair is your charm. It
makes or mars the face. When it
fades, turns gray and looks streaked,
just a few applications of Sage Tea
and Sulphur enhances its appearance
a hundred-fold.
Don't stay gray! Look young!
Either prepare the recipe at home or
get from any drug store a bottle of
"Wyeth's Sage and Sulphur Com-
pound," which is merely the old-time
recipe improved by the addition of
other ingredients. Thousands of folks
recommend this ready-to-use prepara-
tion, because it darkens the hair beau-
tifully, besides, no one can possibly
tell, as it darkens so naturally and
evenly. You moisten a sponge or soft
brush with it, drawing this through
the hair, taking one small strand at
a time. By morning the gray hair
disappears; after another application
or two, its natural color is restored
and it becomes thick, glossy and lus-
trous, and you appear years younger.
Wyeth's Sage and Sulphur Com-
pound is a delightful toilet requisite.
It is not intended for the cure, miti-
gation or prevention of disease.
